Linux	Intermediate use of Linux commands and tools
Latex	Experience in writing documents and presentations

PROJECTS

RedVolt Gear   Link to Demo

A sleek, animated React-based e-commerce website built to showcase and sell high-quality laptop accessories

Portfolio (Terminal Theme) Link to Demo

A developer portfolio built using React, TypeScript, and xterm.js.Styled with Tailwindn CSS, this terminal interface mimics a command-line experience for showcasing my work and skills in a fun, interactive way.

Authentication and Authorization

A full authentication system including sign-up, login, forgot password, password reset, email verification, and authorization using JWT (json web token).
